

## SKIN CARE PRODUCTS

Our skincare products are specifically chosen for their advanced, scientific formulations and technology. Clinically researched and developed, with cutting edge ingredients, they include both local and global brand, many of which were founded by leading Dermatologists. These products have all been carefully selected and personally approved by our Dermatologist, Dr Ian Webster. We stock a selection in the practice but the majority are on Dermastore®

Huxley	MartiDerm	Mustela	FEEV
NeoStrata	Heliocare	Dermaceutics	pHformula
Exuviance	Isdin	PCA Skin	Kiehl's
SkinCeuticals	Obagi	IS Clinical	Endocare
Neoretin	La Roche-Posay	Mesoestetic	Colorscience
Lamelle	CeraVe	Beaut™	Jorgobé

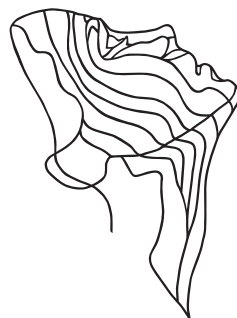

## DERMASTORE®

Dr Ian Webster is a co-founder of Dermastore®, South Africa's first online skincare store that sells carefully curated skincare products. If products are not available at his practice, we recommend ordering them from Dermastore® where you can obtain more variety plus the benefits of loyalty points. Local deliveries can either be ordered for collection at the practice at 29 Bright Street, Somerset West or delivered to your home or office within a day or two.

## OUR SKIN THERAPIST

Kayleigh Mouton is a qualified skin therapist who works alongside Dr Webster on the aesthetic side of his practice. She offers skin analysis, anti-ageing treatments and medical peels, rejuvenating and firming treatments, Dermapen4, an advanced skin needling technique as well as the Clear & Brilliant fractional laser treatment. Kayleigh has a passion and natural flair for her chosen profession and a warm, caring personality and a lovely affinity with her clients. She has gained much experience since she qualified working in an upmarket aesthetic clinic in Cape Town and for a Plastic Surgeon previously.

## VISIA SKIN ANALYSIS

The VISIA Complexion Analysis System, using Nasa's space age technology, scans your skin and captures visual information, using multi-spectral imaging and analysis of eight areas that affect your skin's health and appearance. This analysis concentrates on the condition of the skin below the surface, providing both the Dermatologist and your Skin Therapist with a baseline analysis. This helps them to document, understand and make an objective evaluation of your specific skin condition and this enables them make more accurate, personalized recommendations for both skin treatments and skin products.

**Analysis:** (20 minutes) **R 300**  
Complimentary with product purchases & treatments

## SKINCEUTICALS PROFESSIONAL SKINCARE TREATMENTS

**SKINCEUTICALS GL GEL PEEL** **R 800.00**  
Treatment: 45 Minutes

This gentle, hydrating gel peel contains 20% Glycolic acid and 10% Lactic acid which revitalizes and helps to improve the appearance of photo-damaged skin.

**SKINCEUTICALS DERMAPLANING & GL PEEL** **R 880.00**  
Treatment: 60 Minutes

Dermaplaning is a gentle exfoliation technique that removes surface debris and facial fuzz on the outermost layer of the skin with a special dermaplaning blade followed by a customized chemical peel. This treatment preps the skin for maximum penetration of the peel solution. Minimally invasive, painless treatment removes unwanted facial hair temporarily, leaving the skin feeling rejuvenated, refreshed and with a healthy glow.

**SKINCEUTICALS DERMPPLANING  
(WITHOUT PEEL)** **R680.00**  
Treatment: 30 minutes

Dermaplaning is a gentle exfoliation technique that removes surface debris and facial fuzz on the outermost layer of the skin with a special dermaplaning blade. This is only temporary hair removal but it leaves the skin smooth and fresh.

**SKINCEUTICALS PIGMENT BALANCE PEEL** **R 880.00**  
Treatment: 45 Minutes

This high-quality pigment peel contains Vitamin C, Glycolic acid and Citric acid. It improves sun damaged skin, diffuses, localized hyperpigmentation, uneven skin tone and helps to accelerate cell renewal turnover.

## FACIAL TREATMENTS

**CLEAR & BRILLIANT LASER** **R 2500.00**  
Treatment: 60 Minutes

The Clear & Brilliant laser is a non-ablative fractional laser that is a more gentle fractional laser treatment. What makes this laser unique is that it can be used to treat early signs of ageing or, the maintenance of a more mature sun damaged skin that has previously been treated with other rejuvenation treatments. The laser is a table-top "baby" Fraxel that is a new approach to laser treatments. Using sophisticated technology, it is designed for clients who want minimal downtime and less invasive skin regeneration options. The treatment is performed using a precisely controlled hand piece with a small, disposable roller tip. There are two versatile attachment hand pieces for this laser, each suited for different skin types:

The Permea (1927nm) typically used for a quick skin boost, eg. before a special occasion, to improve texture, tone and provide a radiant glow. The Original (1440nm) treatment penetrates deeper into the skin, producing collagen stimulation, especially recommended for sun damaged skins. Clients may return to work the following day, where they will experience a light sandpaper texture on their skin for five to seven days. However, once this rough texture has gone, the skin will be beautifully radiant. Your skin therapist will discuss how many treatments you require depending on the condition of your skin.

**SKINCEUTICALS REJUVENATING AND FIRMING  
TREATMENT** **R 650.00**  
Treatment: 40 Minutes

This express treatment is ideal for dehydrated, ageing and environmentally damaged skin types. The use of specific cleansing, toning, masque application and protective products will help to give your skin a fresher and healthier tone and texture.

**DERMALUX FLEX MD** **R 450.00**  
Treatment: 30 Minutes

DermaLux Flex MD is a non-invasive LED treatment that delivers clinically proven therapeutic light energy for rejuvenation and corrective benefits. This treatment stimulates cell renewal, collagen production and helps with pigmentation and anti-ageing. The immediate effects that the clients can expect is an improvement in skin tone, hydration and luminosity. It is also very beneficial for acne and kills the bacteria that causes acne, it reduces redness in those with rosacea and helps to accelerate wound healing. It is a gentle treatment for those clients who are sensitive to more invasive treatments.

**MEDICAL DEEP CLEANSE**  
Treatment: 30 Minutes **R 650.00**  
(Add-on LED Blue Light Therapy) **R 200.00**  
Treatment: 30 Minutes

This specialised deep cleanse is for congested, acne-prone skin. Add-on Blue Light therapy that destroys the bacteria which causes acne and helps in the prevention of breakouts.

## TCA PEEL

**pHFORMULA TCA PEEL (per peel)** **R 1500.00**  
Treatment: 60 Minutes per peel (Face & Neck)

For optimal results, two TCA peels, spaced 4 to 6 weeks apart is recommended. This is an advanced, targeted anti-ageing treatment system that rejuvenates and resurfaces, dry, dull, sun-damaged skin. It removes the build-up of old dead skin cells, reduces superficial brown marks, fine lines and wrinkles. It freshens ageing skin in need of some serious help and a youthful boost.

It is mandatory to purchase the post care kit which includes 4 full-sized pHformula products: Exfo cleanser, AGE Active Recovery, Post resurfacing cream & CC cream with SPF30+ **R 2300.00**

## SPECIALISED SKIN TREATMENTS

**DERMAPEN4:**  
Treatment: 60 Minutes (Face & Neck) **R 1600.00**  
Add-on Treatment 30 Minutes (Chest) **R 600.00**  
(4-6 treatments recommended)

Advanced Skin Needling technology uses multiple needles that vertically pierce the skin with an automatic vibrating function. It promotes scarless healing and stimulates natural collagen production by creating fine channels deep into the skin which allows for the introduction of active ingredients for anti-ageing into the face, neck and décolleté. Recommended for aging, sagging skin, fine lines and wrinkles, pigmentation, barcode lines around the top lip, skin tightening and rejuvenation. It also helps to reduce large pores, stretch marks and scarring (acne scarring and burns).

**DERMAPEN4 + UBER PRO PEEL**  
Treatment: 75 Minutes (Face & Neck) **R 2400.00**  
Add-on Treatment: 30 Minutes (Chest) **R 600.00**

Designed to enhance micro-needling treatments. Uber Pro peel contains a specific blend of treatment actives to increase cellular turnover, resurface the skin and brighten your complexion, while addressing signs of dull, ageing skin, sun damage, enlarged pores, milia, mild acne scarring and rosacea.
